Stage Requirements

1. **Wi-Fi or Starlink:** Secure internet access on stage.
2. **Stage water:** Two bottles of room-temperature fluoride-free water near the DJ booth/stage.
3. **Power outlets:** At least one accessible outlet near the DJ booth for electronic equipment.
4. Sound engineer at the stage to assist with setup.
5. Planned sound check time communicated at least 48 hours ahead of show time.
6. Staff to assist with transporting my gear from my vehicle or campsite to the stage on the day of the event.

Accommodation Requirements

1. Private dressing room / green room with a lock, mirror, seating, and table.
2. **Wi-Fi or Starlink:** Secure internet access in the dressing room.
3. **Power outlets:** At least one accessible outlet for electronic equipment.
4. Adequate lighting for makeup and costume preparation.
5. **Parking:** One reserved parking space close to the venue for easy equipment access.
6. **Hotel or camping** (if multi-day event or overnight): One reserved RV space if camping, else a private hotel room.

Refreshments

1. **Drinks:** At least 4 bottles (per day) of fluoride-free mineral water at room temperature (e.g. Topo Chico, Trader Joe's New Zealand spring water, glacier water), and 2 bottles of Harmless Harvest coconut water (or Trader Joe's coconut water).
2. **Snacks:** A variety of healthy snacks including organic fruits, mixed nuts (salted), and organic hummus with organic vegetable sticks.
3. **Meals:** One healthy, organic meal (per day). Please ensure the meal is made with all natural ingredients.

Miscellaneous

1. **Guest passes:** 2 extra guest passes for crew/performers, and parking/camping passes.

We ask that any requests that cannot be fulfilled be communicated explicitly by text or email ahead of time so alternate arrangements can be made. Thank you!
